Lee Theatre Baseball League Enjoys Reunion

Often ideas are discussed, a few plans made, then nothing materializes and the idea is forgotten. About six weeks ago Mr. and Mrs. Crawford Davidson decided to "make things happen" and began indefinite plans for a reunion of the Lee Theatre Baseball Team of the old Skyline League. On Saturday evening, October 6th, the often talked about reunion was held at the home of Mr. and Mrs. Crawford Davidson and a picnic was enjoyed by all attending.

Team members, managers, and persons connected with the team are shown in above photo. Front row, left to right, are Shearer Robertson, Tom Berry, Kermit Thompson, Lester Wingfield, Crawford Davidson, John C. Caldwell, Stuart Friend, Ed Cawthorne, Nat Reasor, and Bobby Chenault; on second row, left to right, Pete Doss, Robert Toney, Charlie Mitchell, Jim Beaty, Lathan Harvey, Vernon Bryant, Bob Sagnett, Jim Cobb, Vernell Mitchell, Wallace Haley, James St. Clair, Ned Hancock, Dave Campbell, Dick Tate, Bill Woody, Calvin Robinson, Harold Reid, Earl Wade and Harold Mann.

Mr. and Mrs. Calvin Robinson attended all the games, Ned Hancock was the scorekeeper and Wallace Haley ran the concession stand at the games. Pete Doss was driving the taxi for Lee Theatre at that time and he "hauled the players". Bill Woody was a bat boy and although Vernon Bryant did not play with this team he was a ball player.

This was a most enjoyable evening for all present. John C. Caldwell was presented an original Lee Theatre shirt and an autographed baseball.

Appomattox FFA Chapter Conducts Swine Field Day

The fourth annual Swine Field Day was held October 11, 1979, at Wilson's Landing in Appomattox, Va. The Appomattox FFA Chapter in cooperation with Mr. John Wilson, presented an educational program on swine production to eight FFA Chapters throughout Virginia. The program consisted of demonstrations on castration, docking tails, and backfat measurements. The highlight of the day was a judging contest consisting of three events: judging, estimating live weights carcass consistency, and identifying ear notches. The winning team was the Appomattox FFA Chapter. Dale Robinson, of the Essex FFA Chapter was high individual of the contest. During the day, tours of the farm were conducted by Appomattox FFA members. The day was a learning and fun experience for everyone.

Thanks goes to Mr. Wilson, the professional sharons and sponsors supporting this activity of the Appomattox FFA Chapter.

Fight Inflation By Using Home Appliances Correctly

One of the best guides for using any home appliance, whether it is major or a small appliance, is the Use-Care Manual. This week I would like to feature information about how a dryer should be used.

After a washload is clean, good drying techniques help to successfully complete the laundry process. Whether drying by machine, line drying or using a flat surface, some basic commonsense factors are involved.

Many of you have expressed concern about the cost of an automatic dryer. If you will read and follow the operating instructions carefully, you will find that this will help a great deal, and even save you dollars.

Sorting is extremely important for good results. Generally what is washed together is dried together. If you apply the following principles to washing and drying, it will be helpful. Separate light from heavy-weight fabrics, lint givers from lint attractors, darks from light and color-fast from non-color-fast. Turn dark clothing items inside out. This will prevent the outside surface of the garment from picking up extra lint.

Turn pockets of heavy garments inside out for faster drying. Close zippers and fasten hooks and eyes to prevent snagging.

Avoid overloading the dryer. Clothes need room to tumble. This allows them to dry more quickly and helps prevent wrinkling. Mix small pieces and large pieces of similar weights. Dry smaller loads of permapress and synthetic knits to minimize wrinkling. If the load is very small, add one or two lint free towels for better tumbling. An even better idea is to wait until you have a complete load of perma-press and synthetic knits, or a complete load of any type of garment.

Don't over-dry fabrics. Wrinkling, harshness and in some cases shrinkage, particularly of cotton knits, may rresult. Over-drying also wastes electrical energy and is costly to the family budget. Some items such as corduroy, quilted fabrics and knits are best removed when there is still a trace of moisture. These need to be hung onto hangers and left to air dry.

Remove garments as soon as the dryer stops, especially perma-press and synthetic items, to prevent wrinkling. Rubber and plastic materials should be dried only on the air setting.

Some things such as draperies, rugs, pillows, woolens and knits may require special care. Be sure to check care labels before you put these into a machine to dry.

Do not machine wash or dry glass fiber materials unless it is stated on the care label.

Another very important item when using an automatic dryer is that you be sure that the lint filter is clean after each use of the dryer. This is extremely important if your dryer is to operate efficiently, effectively and at the lowest possible cost.

Our office needs any inflation fighting ideas that you might have. Please share these with us.

One idea that a homemaker shared with us recently is coupon sharing. Do you clip and share coupons from magazines, newspapers and advertisements? If so, you may not use all of these, but you could certainly share them with friends and neighbors. If you are involved in a homemakers club of some type, you may want to have a coupon sharing time at your meetings during your time of socializing. This would be a good way to not only share a coupon when someone else may need it and can make good use of it.

If you have a homemaking question or problem, you may call the Appomattox County Extension Office at 352-8244 or write us at P.O. Box 488, Appomattox, Va. 24522.

Have a good week, homemakers!

RECIPE OF THE WEEK
Carrot Orange Pecan Cake

2 cups granular sugar
1¼ cups oil (salad)
2 cups flour
2 teaspoons baking powder
1 teaspoon baking soda
2 teaspoons cinnamon
1 teaspoon salt
4 eggs
1 Tablespoon orange peel grated
3 cups grated raw carrots
1-1½ cups chopped pecans

Combine oil and sugar-mixing well. Sift in remaining dry ingredients, alternating with eggs, one at a time, mixing well after each addition. Add orange peel and carrots and mix well. Then mix in pecans. Pour into a lightly greased tube pan. Bake in oven 1 hour and 10 minutes at 325 degrees. Cool in pan upright. Remove and glaze with orange glaze.

Orange Glaze

¼ cup cornstarch
1 cup sugar
½ teaspoon lemon juice
1 cup fresh orange juice
½ teaspoon salt
*1 tablespoon grated orange peel
2 tablespoons butter

Combine sugar and cornstarch in sauce pan. Add juices slowly and stir until smooth. Add remaining ingredients. Cook over low heat until thick and glossy. Cool until warm and spread on cake. Split cake into three horizontal layers. Spread glaze between layers and on top of cake.

*You may use instant orange peel in cake and glaze. It's in spice section of market.

Thanks and congratulations to Mrs. Jennifer Midgett for sharing this blue ribbon cake recipe with us. She won the "best in the show" prize for this delicious dessert in the Bake-Off Contest sponsored by Appomattox County Extension Homemakers at the Annual Railroad Festival.

$175,000 Approved For Apartment Complex For Central Va. Mental Health

Central Virginia Mental Health Services has been notified that HUD has approved a $175,000 subsidized, low interest rate mortgage loan for construction of an apartment complex for an independent living project for chronically mentally ill citizens. The apartment complex will be located in Lynchburg.

Leo E. Kirven, Jr., M.D., Commissioner of Mental Health & Mental Retardation, announced the awards on Friday. Dr. Kirven was named by the Department of Housing & Urban Development as coordinator and facilitator in Virginia for the demonstration housing program.

The $175,000 awarded to Central Virginia is for Central Mental Journey and will be known as the Monte Cristo Apartments. Project director is Robert D. Gardner, M.D, executive director of Central Virginia Mental Health Services.

"We are very pleased that our project was chosen," stated Dr. Gardner.

"We are encouraged by this funding to help facilitate housing to promote the state's concept of deinstitutionalization and independent living. This enables us to expand our services to the persons returning from a state institution and assist her or her in making the necessary adjustments of independent living living in the local community."

The loan will assist Central Mental Journey in building a 5 apartment complex to include two one bedroom apartments and three two bedroom apartments. The apartments will accomodate six to eight chronically mentally ill residents who are attempting to return to the mainstream of community living.

The apartment complex will provide supervised community adjustment training via a skilled professional staff with linkages to other supportive community programs.

Projected staff will include two professionals, two semi-professionals, one clerical and one consultant.

The Community Mental Health & Mental Retardation Services Board, under the chairmanship of Mrs. Marie Larzelere, will establish a Board of Directors for the apartment complex under the working title of Central Mental Journey.

The Community Services Board presently operates a group half-way house for mentally retarded men. This home is located at 2001 Park Avenue. Program supervisor at the home is Gary Coleman. A group home for mentally retarded women is held at the Y.W.C.A. as a part of the program WELCO (Women Engaged in Local Community Orientation).

Also, the Services Board owns and operates a Day Activity Center for the mentally ill and mentally retarded handicapped clients. This Day Activity Center is called Hudson House and is located on Woodrow Street in Fairview Heights. Mr. Bernet Revely is director at Hudson House.

The awarding of the loan will be reviewed again by the Services Board before proceeding to build the apartment complex.

MISS WHITE'S 4-H MEETING

Miss White's 5th grade class held their second 4-H meeting Friday, Oct. 19. President: Jeff Scruggs opened the meeting with Jessica leading in the 4-H pledge and Curtis leading in the Pledge of Allegience to the American Flag.

Mr. Sweet discussed project books and gave them out to us so we could work on them for the coming year. We also saw pictures on last years Share the Fun program.

Jeff adjourned the meeting when everyone had finished.

Reporter,
Jessica Stanley

AMS 4-H Meeting

Today, Oct.17 we met for our second meeting in 4-H. We picked our committee. President: David Davis, Vice President, Ursula Grishaw, Secretary, Sherry Ferguson, Reporter, Michelle Romanac and Recreation Leaders are Paul Humbles, Dawn Dawson and Jill Nealley.

We also elected a project committee, it includes Ursula Grishaw, Stanley Cobbs, Pam Sellers, Sonny Caldwell, Lonnie Hamlett and Beth Granato.

Share the Fun will be held the last week of November. So all 4-H members are reminded to come and have a fun time.

Today we received our project books to work on. Any project book that is turned in will receive a ribbon if the book is completed.

Mr. Sweet showed us some filmstrips on Share the Fun. Then he showed us some filmstrip of the older 4-H members and their trip to Nebraska. Some of the people we recognized were Lisa Moore, Laurie McLean and many others. I think it will be nice when I can go to Nebraska with the 4-H group.

David Robinson Completes Advanced Training

Pvt. David L. Robinson, son of Mrs. Mary E. D. Robinson, Star Route, Pamplin, Va., recently completed advanced individual training at the U. S. Army Infantry School, Fort Benning, Va.

During the course, students received training which qualified them as light-weapons infantrymen and as indirect fire crewmen in a rifle or mortar squad.

Instruction included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations.

Pfc. Hamlett Participates In Training Exercise

Pfc. Marvin R. Hamlett Jr., son of Mrs. Thelma L. Hamlett, Appomattox, Va., recently participated in **Constant Enforcer**, a major field training exercise in central Germany.

Approximately 30,000 American, German, Canadian and Belgian soldiers took part in the exercise.

Constant Enforcer, which involved more than 2500 tracked vehicles and 300 helicopters, provided units with realistic combat training in a simulated combat environment.

The maneuver was conducted near the scenic and historic Marburg-Kassell area of Germany.

Hamlett is a gunner with the 3rd Armored Division in Kirchgons.
